EDUCATION

Bachelor of Technology

hyderabad & malla
reddy college of
engineering and
technology

2025

The educational experience in a Bachelor of Technology (B.Tech) program is a transformative journey that combines theoretical learning, hands-on experience, and exposure to real-world challenges. Spanning four years, the curriculum is meticulously crafted to provide students with a robust foundation in engineering and technology, preparing them for diverse career paths.

ABOUT ME

A motivated and academically accomplished student with a strong commitment to knowledge advancement. Proven track record of excelling in research, active participation, and assignment completion. Gained practical experience through internships, campus activities, and volunteering, expanding global perspectives.
